

## KDEA Awards History

KDEA Awards began in 1984, but unfortunately as there are no newsletters in the archives for the early years, the awards history is incomplete in these early years. I have tried to go back through newsletters to find awards information...if you know of awards which are not listed, please call Susan at 634-6738 and have the scores/achievements added. There were also more President's Awards given, but they were not noted in the newsletters in all cases.
